

Spay Neuter Assistance Program  
The Humane Solution to Pet Overpopulation

# Solutions

Helping Animals and the People Who Love Them

Nov / Dec 2014

## Your Support Means the World to Us!

Since February 2000, the Spay Neuter Assistance Program has provided vouchers to facilitate more than 18,000 surgeries for low income pet owners in southwest Missouri. With a mission to eliminate the need for euthanasia in our community's animal shelters, to reduce the number of homeless animals, and to educate the public about the importance of spay/neuter, SNAP relies on funding from private donations and grants to provide discounted veterinary services.

During this season of thanksgiving and sharing, please remember to include the animals in your special gifts. SNAP's team of volunteers would like to say thank you to everyone who helps make SNAP a success; the amazing work of the participating veterinary clinics, our generous donors, the businesses displaying donation canisters, the tireless work of our volunteers. Without all of you, this important community service could not be done.

We thank you, and wish you a blessed holiday season.

### WAYS TO MAKE A DIFFERENCE:

- Volunteer
- Support the businesses supporting SNAP
- (See a list on [Snap123.org](http://Snap123.org) )
- Donate
- Sponsor a Case

## CAN YOU HELP?

**Case # 42** –Chris took three kittens this summer that were going to be shot. He is keeping all of them and has a female calico, a female black and white and a male gray and white tabby. They are approximately six months old now. SNAP's cost to get them spayed/neutered will be \$145.00.

**Case #43**–Erica lives in north Springfield in an area where there are a large number of strays. She has taken a female Pit Bull that was abandoned at a house, has rescued two male Chihuahua mixes from a bad situation and given a home to a stray cat with two female kittens. The cost to fix all these animals is \$365.00.

**Case #44**–Cindy has adopted three stray cats, a female calico, and a kitten from her last litter and an older male. The calico has had three litters that Cindy knows about. She also has a large female black lab mix that her brother left with her. Prudence has had two litters. Currently, this family of six has no steady income. They would greatly appreciate being able to fix these animals. The cost will be \$245.00.

If you are able to help fix any of these animals, please send your donation to SNAP, PO Box 14354, Springfield, MO 65814. No amount is too small. It all adds up to do great things! You can specify which case you would like to contribute to. In the event the case you specify has already been helped by another caring donor, your contribution will be used to help a different but equally in-need pet owner as determined by the SNAP team. Thank you for your support!

## We need your support!

**YES!** I would like to become a member of SNAP to help reduce the number of unwanted animals born in Southwest Missouri. I understand that by becoming a member, I will receive a quarterly newsletter, acknowledgement on the SNAP website, and an invitation to SNAP's annual meeting. (Membership is renewable annually and is tax deductible. Payment may be made by check or money order.)
