CAN YOU HELP?

Case # 40 –Ashley rescued two male Shepherd mixes from bad situations. She has wanted to get them neutered for a long time but has never been able to afford it. She heard about our program and is excited to be able to get the boys done. One is two years old and the other one is three. SNAP's cost to get these lucky guys done is \$160.00.

Case #41-Cami has a low paying job and lives in an area where there are lots of strays. She has taken in two cats, a male and a female both approximately two years old and a female Beagle mix that has already had two litters. She can't afford much, but really wants to get these animals fixed. She has done a good job of keeping the cats from reproducing. The cost to get these animals done is \$170.

If you are able to help fix any of these animals, please send your donation to SNAP, PO Box 14354, Springfield, MO 65814. No amount is too small. It all adds up to do great things! You can specify which case you would like to contribute to. In the event the case you specify has already been helped by another caring donor, your contribution will be used to help a different but equally in-need pet owner as determined by the SNAP team. Thank you for your support!
